

5530 SUBSTANCE ABUSE

The Board of Education recognizes that a pupil's abuse of harmful substances seriously impedes that pupil's education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board will establish and maintain a comprehensive substance abuse intervention, prevention, and treatment referral program in the school.

An immediate medical examination shall be conducted and a written report of the medical evaluation shall be furnished to the parent(s) or legal guardian(s) of the pupil, the Building Principal, and the Superintendent in accordance with N.J.A.C. 6A:16-4.3(a)2 - 4.3(a)8.

If the written report of the medical examination is not provided within twenty-four hours of the referral of the pupil, the pupil shall be allowed to return to school until such time as a positive determination of alcohol or other drug use is received from the physician.

If the written report of the medical evaluation verifies that alcohol or other drugs do not interfere with the pupil's physical or mental ability to perform in school, the pupil shall be immediately returned to school. If there is a positive determination from the medical examination indicating the pupil's alcohol or other drug use interferes with his or her physical or mental ability to perform in school, the pupil shall be returned to the care of the parent(s) or legal guardian(s) as soon as possible and attendance at school shall not resume until a written report verifies the pupil's alcohol or other drug use no longer interferes with his or her physical and mental ability to perform in school.

Removal of a pupil with a disability shall be in accordance with N.J.A.C. 6A:14.

While a pupil is at home because of the medical evaluation or after the pupil returns to school, an appropriately certified school staff member(s) will conduct an alcohol and other drug assessment of the pupil and a reasonable investigation of the situation and may initiate referral alcohol or other drug abuse treatment in accordance with N.J.A.C. 6A:16-4.3(a)12, 4.3(a)13, and 4.3(a)14.

Whenever any teaching staff member, certified or non-certified school nurse, or other educational personnel shall have reason to believe a pupil has used or may be using anabolic steroids, that person shall report the matter in accordance with N.J.A.C. 6A:16-4.3(b)1.

The Building Principal or designee upon receiving such report shall immediately notify the parent(s) or legal guardian(s) and Superintendent and shall arrange for an examination of the pupil as soon as possible to determine whether the pupil has been using anabolic steroids in accordance with N.J.A.C. 6A:16-4.3(b)2.

The Superintendent will disclose to law enforcement authorities the identity of the pupil pursuant to the requirements of N.J.A.C. 6A:16-4.3(b)3.

A written report of the examination shall be provided by the examining physician to the parent(s) or legal guardian(s), Building Principal, and Superintendent.

If it is determined the pupil has used anabolic steroids, an appropriately certified school staff member(s) shall interview the pupil and others to determine the extent of the pupil's involvement with and use of anabolic steroids and the possible need for referral for treatment in accordance with N.J.A.C. 6A:16-4.3(b)5.

If the results of a referral for evaluation have positively determined the pupil's involvement with and use of anabolic steroids represents a danger to the pupil's health and well-being, an appropriately certified school staff member(s) shall initiate a referral for treatment to agencies and/or private practitioners as outlined in N.J.A.C. 6A:16-4.3(b)6.

In-Service Training N.J.S.A. 18A:40A-15(b)

The Board directs the Superintendent to develop a program of in-service training for all teaching staff members involved in the instruction of pupils. The Board will provide time for the conduct of the program during the usual school schedule. In-service training shall prepare teachers to instruct pupils on substance abuse and inform teachers about the nature of substances, the symptomatic behavior associated with substance abuse, the availability of rehabilitation and treatment programs, the legal aspects of substance abuse, and Board policy and regulations on substance abuse.

All such notations shall be expunged when they are no longer required for the counseling or discipline of the pupil or when the pupil leaves school. Information regarding a pupil's involvement in a school intervention or treatment program shall be kept strictly confidential in accordance with §408 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act, 42 U.S.C. 290 ee-3, and implementing regulations, 42 CFR Part 2.

If an elementary or secondary pupil involved in a school-based drug or alcohol counseling program provides information during the course of a counseling session in that program which indicates that the pupil's parent(s) or legal guardian(s) or other person residing in the pupil's household is dependent upon or illegally using a substance as that term is defined in N.J.S.A. 18A:40A-9, that information shall be kept confidential and may be disclosed only with the pupil's written consent, to another person or entity whom the pupil specifies in writing in the case of a secondary pupil, or to a member of the pupil's immediate family or the appropriate school personnel in the case of an elementary pupil; pursuant to a court order; to a person engaged in a bona fide research purpose, except that no names or other information identifying the pupil or the person with respect to whose substance abuse the information was provided, shall be made available to the researcher; or to the Division of Youth and Family Services or to a law enforcement agency, if the information would cause a person to reasonably suspect that the elementary or secondary pupil or another child may be an abused or neglected child.

Nonpublic School Pupils N.J.S.A. 18A:40A-5; 18A:40A-17c

The Board will lend to pupils attending nonpublic schools located in this district and to the parent(s) or legal guardian(s) of such pupils educational materials on substance abuse prepared and supplied by the Commissioner. The loan of such materials shall be at no cost to the district.

No civil action of any kind shall lie against any employee, officer or agent of the Board because of actions taken under the education statutes on substance abuse, N.J.S.A. 18A:40A-1 et seq., provided the skill and care given is that ordinarily required and exercised by other such employees, officers and agents of the Board.

Any educational or non-educational school staff member who in good faith reports a pupil to the Building Principal or designee in compliance with N.J.A.C. 6A:16-4.3 shall not be liable in civil damages as a result of making such a report, as specified in N.J.S.A. 18A:40A-13 and 14.

Where parents are separated or divorced, "parent" means the person or agency who has legal custody of the pupil, as well as the natural or adoptive parent(s) of the pupil, provided such parental rights have not been terminated by a court of appropriate jurisdiction.
5. "Substance" means alcoholic beverages, controlled dangerous substances, including anabolic steroids as defined at N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined at N.J.S.A. 2C:35-10.4 and over-the-counter and prescription medications which are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Any violation of Board rules prohibiting the use, possession and/or distribution of a substance is a serious offense, and the pupil who violates a substance abuse rule will be disciplined accordingly. Repeated violations are more severe offenses and warrant stricter disciplinary measures. Pupils who violate the substance abuse rules will be disciplined as follows:
 - a. First offense: Suspension, formal notification to parents and/or authorities, refer to Superintendent, refer to Guidance Counselor.
 - b. Second offense: Suspension, appearance before School Board, formal notification home and/or authorities.

3. When a pupil involved with substances has discussed his/her involvement with a teaching staff member with an expectation of confidentiality, the staff member may respect that confidence. The teaching staff member should encourage the pupil to seek aid from a professional trained in counseling and to confide in his/her parent(s) or legal guardian(s). When the staff member believes that the pupil requires professional counseling or intervention that the pupil will not seek on his/her own, the staff member may report the pupil to the Principal, who shall determine whether to notify the pupil's parent(s) or legal guardian(s) and may report the pupil to an appropriate district professional or trained resource person or to an appropriate agency for evaluation and possible treatment.

D. Reporting and Examination of Pupils Under the Influence of Anabolic Steroids

1. Whenever any teaching staff member, certified or non-certified nurse or other educational personnel have reason to believe that a pupil has used or may be using anabolic steroids that person must report the matter as soon as possible to the Principal (or, in the Principal's absence, to a person designated by the Principal) and either the certified or non-certified school nurse or the school physician or the Substance Awareness Coordinator.
2. The Principal or designee, in response to every report, shall immediately notify the pupil's parent(s) or legal guardian(s) and the Superintendent.
3. The Principal shall arrange for the immediate examination of the pupil by a physician licensed to practice medicine or osteopathy selected by the parent(s) or legal guardian(s). If the physician selected by the parent is not available to perform the examination, the examination will be conducted by the school physician or another physician identified by the Principal. An examination conducted, at parental request, by a physician other than the school physician or another physician identified by the Principal shall not be at the district's expense.
4. The pupil shall be examined as soon as possible for the purpose of determining whether the pupil has been using anabolic steroids.
5. The Superintendent or designee may, but need not, disclose to law enforcement authorities the identity of a pupil suspected or have used or who may be using anabolic steroids. The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of anabolic steroids or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities involving anabolic steroids.

6. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s) or legal guardian(s), the Principal, and to the Superintendent.
 7. If it is determined that the pupil has used anabolic steroids, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained to assess alcohol and other drug abuse shall interview the pupil and others, as necessary, for the purpose of determining the extent of the pupil's involvement with and use of anabolic steroids and the possible need for referral for treatment. To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the pupil's teachers and parents and consultation with experts in pupil alcohol or other drug abuse, as may be appropriate and necessary.
 8. If the results of a referral for evaluation have positively determined that the pupil's use of anabolic steroids represents a danger to the pupil's health and well-being, the school staff member(s) identified in 7. above shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by appropriate drug and alcohol licensing board.
- E. Evaluation and Treatment of Pupils Under the Influence of a Substance Other Than Anabolic Steroids
1. Any educational staff member or other professional to whom it appears that a pupil may be currently under the influence of alcohol or other drugs on school grounds, including on a school bus or at a school-sponsored function, shall report the matter as soon as possible to the Principal and either the certified school nurse, non-certified school nurse, the school physician, or the substance awareness coordinator pursuant to N.J.S.A. 18A:40A-12. In the absence of the Principal, his or her designee shall be notified. In instances where the Principal and either the certified school nurse, non-certified school nurse, the school physician or the substance awareness coordinator are not in attendance, the staff member responsible for the school function shall be immediately notified. The referring staff member shall complete the Violence, Vandalism and Substance Abuse Incident Report, according to N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3.

2. The Principal or designee, in response to every report, shall immediately notify the pupil's parent(s) or legal guardian(s) and the Superintendent and/or designee.

The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.
4. The Principal or designee, in response to every report, must arrange for an immediate medical examination of the pupil for the purposes of providing appropriate health care for the pupil and for determining whether the pupil is under the influence of alcohol, or other drugs, other than anabolic steroids. The medical examination shall be performed by a physician licensed to practice medicine or osteopathy that is selected by the parent(s) or legal guardian(s). If the parent's or legal guardian's physician licensed to practice medicine or osteopathy is not immediately available, the medical examination shall be conducted by the school physician. If neither the parent's or legal guardian's physician nor the school physician is immediately available, the pupil shall be taken to the emergency room of the nearest hospital for examination. The pupil shall be accompanied by the pupil's parent(s) or legal guardian(s) if available and by a member of the school staff appointed by the Principal. Parental or legal guardian permission is not required for the school's physician or emergency room examination. The parent(s) or legal guardian(s) may, but is not required to accompany the pupil to the school physician and/or emergency room. The Principal and/or designee will supervise the pupil while the pupil is waiting for the parent(s) or legal guardian(s) to take the pupil to the physician selected by the parent, or waiting for and receiving the examination by the school physician or in the emergency room. An examination conducted by a physician selected by the parent(s) or legal guardian(s) shall be at the expense of the parent and shall not be at the expense of the school district. An examination conducted by the school physician or by a physician at the emergency room of the nearest hospital shall be at the expense of the school district.
5. The school district, in cooperation with the medical professional licensed to practice medicine or osteopathy will establish the minimum requirements to be used for these medical examinations conducted in accordance with N.J.A.C. 6A:16-4.3 et seq. The minimum requirements for the examination will be periodically reviewed and updated as needed. Any substance screening conducted by the school nurse and/or other staff is not a substitute for the required medical examination required in N.J.S.A. 18A:40A-12.

Removal of a pupil with a disability shall be made in accordance with N.J.A.C. 6A:14.
11. Refusal or failure by a parent/legal guardian to comply with the provisions of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3 shall be treated as a policy violation of the Compulsory Education Act pursuant to N.J.S.A. 18A:38-25 and 18A:38-31, and child neglect laws pursuant to N.J.S.A. 9:6-1 et seq., and N.J.A.C. 6A:16-11. M

5533 SMOKING

The Board of Education recognizes the use of tobacco presents a health hazard that can have serious implications both for the smoker and the nonsmoker and that smoking habits developed by the young may have lifelong deleterious consequences.

For purposes of this policy, "smoking" means the burning of a lighted cigar, cigarette, pipe or any other matter or substance that contains tobacco and the use of smokeless tobacco and snuff.

For the purposes of this policy, "school grounds" means and includes land, portions of land, structures, the building, and vehicles when used for the provision of academic or extracurricular programs by the district or community provider and structures that support the building, including, but not limited to administrative buildings, kitchens, maintenance shops, and garages. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

The Board prohibits smoking by pupils at any time on any school grounds as defined above, at events sponsored by the Board away from school, and on any transportation vehicle supplied by the Board.

Notice that smoking is prohibited on school grounds as defined above will be posted at each public entrance in accordance with law. The Principal of each school building is authorized to report violations, in accordance with law, to the Board of Health. Failure to report violations may subject the Principal to fines in accordance with N.J.S.A. 26:3D-20. The Building Principal will not be liable for a fine if he/she has taken reasonable steps to enforce the prohibition on smoking in the school building or on school grounds. Pupils who violate the provisions of this policy shall be subject to appropriate disciplinary measures.

The Board directs that the health curriculum include instruction in the potential hazards of the use of tobacco. Staff members shall, by example and persuasion, make every reasonable effort to discourage pupils from developing the habit of smoking.
